Press Release

ImageCrafters, IC Woodworks® Introduces The New Plasma Credenza.

Lakeville, September 19, 2002: ImageCrafters Inc IC Woodworks® division introduces their new plasma screen credenza. The Plasma Screen Credenza is built to house any large screen plasma unit and its accompanying home theater electronics system and center channel speaker in a striking piece of made to order furniture.

In keeping with the high quality, selection and design that has become synonymous with IC Woodworks®, the new Plasma Credenza is offered in a variety of woods, finishes and fabrics, allowing it to blend into already established décor or offering a bold new step in decorating. IC Woodworks® can work closely with the client offering a personalized experience and considerable customizable options, ensuring that the Plasma Credenza is perfect for each individual.

Price typically ranges from \$ 2,800.00 to \$4,000.00 and a 6 to 8 week lead time is required.

IC Woodworks® is internationally known as a leading supplier of distinctive yet convenient and practical storage options for audio/video components. IC Woodworks® has become synonymous with premium, custom crafted, home theater furniture with a style, flair and craftsmanship that are the hallmarks of the excellence that is IC Woodworks®.
